**DECLARATION OF
THOR ASBJØRN HALVORSEN**

I, **THOR ASBJØRN HALVORSEN**, declare the following to be true:

1. I am a Vice President of Counterclaimant Telenor Mobile Communications AS (“Telenor Mobile”) for Central and Eastern Europe. I have served in several Executive Management positions in Telenor ASA, including as CEO of Telenor Networks from 1995 to 1998 and CEO of Telenor Business Solutions from 1998. I am also a member of the Board of Directors of Closed Joint Stock Company “Kyivstar G.S.M.” (“Kyivstar”).
2. I am familiar with the contents of the Declaration of Oleksiy Didkovskiy dated March 12, 2007 concerning the claim filed on December 21, 2006 by Counterclaim-Defendant Storm LLC (“Storm”) in the Kyiv City Commercial Court (the “First E&Y Case”), the claim filed on January 31, 2007 by Relief Defendant Alpren Limited (“Alpren”) in the Krasnolutsky District Court of Lugansk Region (the “Second E&Y Case”) and the claim filed on February 16, 2007 by Alpren in the Kyiv City Commercial Court (the “Third E&Y Case” and, together with the First E&Y Case and the Second E&Y Case, collectively, the “E&Y Cases”).
3. Based on my understanding of the substance of the claims made by and relief granted to Storm and Alpren in the E&Y Cases, as well as a statement made by Alexey Reznikovich, Chief Executive Officer of Relief Defendant Altimo Holdings & Investments Limited (“Altimo”), to the President of Kyivstar, Igor Lytovchenko, as reported to me, I believe Storm and Alpren, respectively, commenced the E&Y Cases in a deliberate, bad faith effort to (a) halt the audit of Kyivstar’s 2006 financial results by Limited Liability Company “Ernst & Young Audit Services” and Limited Liability Company “Ernst & Young” (collectively, “E&Y”), (b) prevent Kyivstar from declaring

or paying any dividends, (c) prevent Kyivstar from accessing the international capital markets to raise additional debt capital in the form of bonds or credit-linked notes, (d) cause Telenor ASA ("Telenor") potential problems in relation to the consolidation of Kyivstar's 2006 financial results in Telenor's consolidated quarterly and annual financial statements, (e) cause Telenor potential problems in relation to its compliance with regulatory and reporting requirements in Norway and the United States, including the requirements of the Sarbanes-Oxley Act of 2002, and (f) delay the outcome of the arbitration proceeding in New York between Telenor Mobile and Storm. There is no conceivable business reason for Storm or Alpren to seek to prevent Kyivstar's financial results from being audited.

4. As a consequence of the commencement of the E&Y Cases, as of the date of this declaration, among other things, (a) E&Y has refused to undertake any further work in relation to the audit of Kyivstar's 2006 financial results, (b) neither Telenor nor Kyivstar has been able to engage another firm of auditors to audit Kyivstar's 2006 financial results, (c) Kyivstar's 2006 financial results remain unaudited and (d) Telenor has been forced to include in two Form 6-Ks filed with United States Securities and Exchange Commission on March 7, 2007 and February 20, 2007, respectively, the following footnote:

"KYIVSTAR FIGURES BASED ON ESTIMATES

There are litigation and arbitration proceedings pending in New York involving Kyivstar's shareholders relating to Kyivstar's shareholders agreement. Further proceedings have recently been brought in Ukrainian courts by Storm LLC (43.5% shareholder in Kyivstar) and a related party challenging the authority of the company to appoint auditors. An injunction from Krasnolutsk City Court of Lugansk Region has been issued that, among other things, purports to prohibit Kyivstar's management from providing financial information to Kyivstar's auditors, the company's shareholders, including Telenor, from using financial information already provided by Kyivstar and Kyivstar and Telenor's auditors from carrying out any audit work in relation to Kyivstar's year-end IFRS financial

statements. Telenor is contesting these actions. As a result of not having the ability to obtain relevant financial information from Kyivstar, the information contained in Telenor's fourth quarter results relating to Kyivstar is based on estimated figures. Actual results could differ from these estimates."

Copies of extracts of the relevant pages from such Form 6-Ks are attached hereto as Exhibit A.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 12th day of March, 2007

Table of Contents**OUTLOOK FOR 2007**

Based upon the current group structure: In 2007 we expect a growth in reported revenues of between 15% and 20%. The EBITDA margin before other income and expenses is expected to be around 35%. We expect capital expenditure as a proportion of revenues to be around 20% in 2007, mainly driven by high subscription growth within our mobile operations in emerging markets. The effects from the introduction of an interconnect regime in Thailand, both when it comes to timing as well as magnitude, represents the main uncertain factor related to Telenor's outlook for 2007. A growing share of Telenor's revenues and profits is derived from operations outside Norway. Currency fluctuations may to an increasing extent influence the reported figures in Norwegian Krone. Political risk, including regulatory conditions, may also influence the profits. We expect seasonal variations between the quarters.

At the end of the fourth quarter of 2006, Telenor's ownership interest in Kyivstar was 56.5%. Compared to the fourth quarter of 2005, the Norwegian Krone appreciated against the Ukrainian Hryvnia by approximately 4% in the fourth quarter of 2006.

- The strong growth in the Ukrainian market continued in the fourth quarter. The number of subscriptions in Kyivstar increased by 3.8-million during the fourth quarter of 2006 and by 7.6 million compared to the fourth quarter of 2005.
- Kyivstar maintained its market leader position with an estimated market share of 43%, a reduction of 0.5 percentage point compared to the previous quarter.
- ARPU in local currency decreased by 15% mainly due to lower average prices and seasonal campaigns.

Table of Contents

- Total revenues in local currency increased by 31%, primarily related to the growth in the number of subscriptions, partially offset by reduction in ARPU.
- EBITDA in local currency increased by 26% as a result of higher revenues, while the EBITDA margin decreased due to higher costs, including costs related to sales and marketing activities.
- Depreciation and amortization increased as a result of increased capital expenditure in the preceding quarters.
- Higher capital expenditure was mainly related to increased capacity to accommodate the subscription growth.
- There are litigation and arbitration proceedings pending in New York involving Kyivstar's shareholders relating to Kyivstar's shareholders agreement. Further proceedings have recently been brought in Ukrainian courts by Storm LLC (43.5% shareholder in Kyivstar) and a related party challenging the authority of the company to appoint auditors.
